1. EXECUTIVE SUMMARY

This exhaustive technical manifest catalogs every script, module, and virtual bundle payload located inside the designated Qyvaria Data repository, verifying architectural code blocks for Dimensional Shift (DS), BitWeaver memory indexing, and MetaSim execution pathways.

2. COMPREHENSIVE MATCH INVENTORY & CODE MANIFEST

Target 1: /home/john/Desktop/Qyvaria Data/qyvaria.py Matches: 3

2. VIRTUAL MODULE PAYLOAD MANIFEST (CONT.)

Decoded structural preview and source signatures extracted from virtual bundle components within `qyvaria.py`.

Module: py/1qyvaria_prompt_gen.py — Kind: python

```python
